7th Fighter Squadron at Holloman AFB reaches F-22 milestone

Holloman AFB marked the Initial Operational Capability for the 7th Fighter Squadron on Oct.23. The F-22 Aerial Demonstration team performed at the open house and air show the following day as shown in the photo above. Photo by John Willhoff.

90th AMU at Elmendorf AFB competes in load crew competition

The 90th Aircraft Maintenance Unit's load crew team loads an air intercept missile on an F-22 during the load crew competition Oct. 2, at Elmendorf AFB, Alaska. Load competitions increase load crew efficiency and build a sense of camaraderie for weapons troops. The 90th AMU took first place in the competition. U.S. Air Force photo by Senior Airman Cynthia Spalding.
